

## Possible Staffing Model Options

# COMMUNITY WORKSHOP

**Wednesday, October 2, 2013, 6:30 pm**

**Moraga Library Community Center  
1500 Saint Mary's Road  
Moraga, CA**

The Moraga-Orinda Fire District (MOFD) is considering modifying its on-duty daily staffing model. The primary factor for this consideration is a structural deficit in the District's operating fund budget, which has required the use of reserve funds for the past three years.

Interim Fire Chief Stephen Healy will present staffing model options to the MOFD Board of Directors.

Potential options being considered could reduce the minimum number of on-duty Firefighters from 19 to 17 each day.

An additional workshop is scheduled for Wednesday, October 16, 2013 in Orinda; time and location to be determined. Check the MOFD website for further details.

**Residents are encouraged to attend and invited to participate in the discussion**

**For further information visit the MOFD website at: [mofd.org](http://mofd.org)**
