Dianne,

Thank you for your email today. I am not aware of any planned reduction in services by the Fire District, so I want to make sure I fully understand your concern.

Could you please provide a little more detail regarding the specific reduction in services you are referring to?

Thank you.

Craig, Steve & Mike:

You need to start representing your constituents in Orinda.

I have reviewed MOFD's latest Long Range Financial Forecast and note the following:

Over the next ten years, Orinda property taxpayers, your constituents including yourselves, will be paying \$290 in property taxes to MOFD. These taxes will go to fund \$198 million in services to Orinda. The remaining \$92 million (\$13,000 per household) will fund \$34 million in revenue shortfalls from Moraga and both Orinda's and Moraga's share of \$58 million of increased reserves.

This is unconscionable, especially considering the median household income in Moraga is over \$200,000. They can pay for their own emergency services. Your "we are one district" rings hollow. The MOFD charter did not specify how you "use Orinda tax dollars exclusively for services in Orinda", it left it up to you to figure out how to do so. You are failing miserably.

You are being walked all over by Jex and Hasler. If you don't know how to stand up to them and properly represent your constituents, let someone else.
